A. There is ample handicapped parking. To better allow access and help minimize the traffic impact to the roads and neighborhoods adjacent to Norton Park. This year the only people allowed to park at Norton Park will be identified handicapped, motorcycles and staff.

6. IS THERE PARKING?

A. Well yes and no. This year we have opted to try off-site parking. There will be no public parking at Norton Park on Friday August 25, 2017 and Saturday August 26, 2017. The off-site parking locations are Robertson Airport on Johnson Avenue, Carling Technologies on Johnson Avenue, the Plainville High School on Robert Holcomb Way and the GE Main Parking lot on Woodford Avenue. PLEASE NOTE THAT THE GE PARKING LOT WILL NOT BE OPEN UNTIL 6PM ON FRIDAY NIGHT.

A. The buses will pick up at the same location that you were dropped off.

A. The buses will be marked on the side window with a red, green or blue sign. Red Line buses will transport to and from Robertson Airport and Carling Technologies. Blue Line buses will transport to and from the Plainville High School. Green Line buses will transport to and from GE.

11. CAN I BRING MY DOG/PET ON THE BUS?

A. Pets are highly discouraged. This is a high energy, crowded event which can be loud at times, and may cause many pets to become agitated and upset. Service animals are the exception and will be allowed to ride on the bus.

12. ARE THE BULLETINS SPELL CHECKED?

A. Yes we do. We are aware that we have misspelled buses and busing on several bulletins. We were seeing if you were paying attention. (Darn spellcheck, busses and bussing are actual words that refer to electrical components).

13. ARE YOU SURE WE WON'T GET STUCK IN TRAFFIC?

A. Nope. But what we are sure of is that we looked at this situation very realistically. We have worked with several Town Departments including the Plainville Police Department to develop a traffic plan that should improve travel into and out of Plainville during the Balloon Festival. Buses will have a route to follow that avoids the major highways and intersections.

One of the major reasons to limit parking at Norton Park is to minimize traffic on the roads in and around the park.

14. ARE YOU SURE THIS TRAFFIC PLAN WILL WORK?

A. We believe that it will certainly help alleviate some of the traffic issues we have experienced in the past. But as with any plan, implementation will show where improvements/adjustments can be made. We only ask that you continue to support us as we improve this event.

15. WHAT ABOUT THESE FANTASTIC FIREWORKS I KEEP HEARING SO MUCH ABOUT?

A. The fireworks show begins at approximately 9:15pm on Friday night. Should the weather be inclement, the fireworks show will be postponed to Saturday.

16. HOW CAN I GET REAL-TIME INFORMATION REGARDING THE EVENT?

**A. There is a Facebook page for the event which is updated regularly during the weekend with details on weather, cancellations, and other information. We STRONGLY encourage you to 'like' our page in order to receive information as opposed to phoning the Plainville Fire Company. Our page is named 'Plainville Fire Company Hot Air Balloon Festival'.
